Subject: New Product Evaluation Committee Action on:  
Visul Flex Stone Panels by Visul Corporation  
Assigned # NP-07-4680

Dear Mr. Hardman:

The New Product Evaluation Committee considered the subject products at its March 22, 2007 meeting and agreed to assign "Visul Flex Stone Panels", "Approved for Usage" status. This decision was based the satisfactory performance during the evaluation of the product conducted by the New Products Evaluation Committee.

Usage of products, which have been evaluated and approved by the Committee, is encouraged. However, if problems arise at any time, the product will be removed from the Approved Products List pending further review. This approval does not infer that products will be, or must be, used by Department forces or that the products will be actively promoted by the committee.
